

XM radio is very important in my household. I get national news anytime, day or night, on my schedule, not the networks. I carry one of my 2 satellite radios in my plane so when I spend some time at my Ontario cabin, not only can I keep up to date with news and stocks, when I want a laugh, I just turn it to that station. Furthermone, I don't have to listen to Canadian radio with all their political baloney which I have no interest in. XM radio is a valuable tool in my busy world.

Sincerely,
